DRONE POLICY - NEW FOR 2024!

Many of the land owners, federal and local agencies, etc. prohibit the use of drones. Most drones require you to have a Part 107 license if you are flying over people or publish videos. Many times our stops are for bathroom breaks which are inappropriate times for drone flights. If you may legally fly your drone, permission is still required from the guides on your trail and you must not cause any delays or disruptions as determined by the guides or staff. You are responsible for any damage, fines, penalties, and/or legal action incurred in the operation of your drone.

FOLLOW THE FLOW

When you arrive at a Jeep Jamboree, you must complete these steps in this order:

Vehicle Evaluation → Registration → Trail Sign-Up

You will not be permitted to sign-up for trails until you have completed Vehicle Evaluation and Registration.

PHOTO ID REQUIRED AT REGISTRATION - NEW FOR 2024!

The driver of record is required to show a photo ID when presenting your waiver and picking up your registration packet.

NAME BADGE - UPDATED FOR 2024!

Each person must wear their name badge throughout the entire Jamboree. A name badge is required for meals and must be presented whenever requested by a guide or staff member.

TRAIL STICKERS

Trail stickers provided at trail sign-ups must be displayed on your windshield prior to departing for any off-road trail ride.

TRAIL CONDITIONS

Trail conditions can vary widely between trails and even on the same trail on different days. Factors such as weather, other Jeepers, and the line you choose all have an effect on the trail and how your Jeep will traverse it. Rainfall, even from days prior, may increase trail ratings 1 or 2 points. When in doubt, ask a Jeep Jamboree Trail Guide for guidance. Please note that Federal, Tribal and Private landowners may limit the amount of brush we are able to trim back on a trail.

WEATHER CONDITIONS

Weather conditions can be dynamic at a Jeep Jamboree. We recommend you look at a 10-day forecast of weather conditions. Be sure to check the weather for all areas listed in the itinerary as different locations may have very different temperatures.

A MESSAGE FROM YOUR LAND BETWEEN THE LAKES COORDINATOR...

The Land Between the Lakes Jeep Jamboree offers a variety of trails and trail ratings. These trails contain a combination of different types of terrain, which include rolling and wooded hills, plush wooded forests, and rocky plateaus. Our headquarters are located at Kenlake State Resort Park located at Kentucky Lake in Hardin.

The Land Between the Lakes (LBL) National Recreation Area consists of 170,000 acres. This area is the first federally designated area for off-highway vehicle use (2,350 acres). In addition, LBL has a living farm (Homestead-1850) depicting life over one hundred years ago. You may see the family in period dress while they attend to chores in a historically accurate manner. Nearby is a 200-acre buffalo range that has the largest publicly owned herd of buffalo in the U.S. The Woodland Nature Center offers terrific presentations and exhibits for those interested in the natural surroundings of the area.

TRAIL DESCRIPTIONS

The Trail Guides have built a wide variety of trails to fit your skill level, adventurous side and your Jeep's capabilities. Whether two door or four door variety, we will do our best to accommodate both you and your Jeep.

Iron Furnace - Rated 3

Scenic - moderate trail. See South Bison Range and Great Western Iron Furnace. Some mud, hill climbs, scenic views of the lake, and many picture taking opportunities.

Mike's Adventure Trail - Rated 3-4

It's off to the backwoods for a day of trail riding. Four Wheel drive is required at times, especially if it rains. Our lunch spot will be along the shores of Kentucky Lake in a remote area of LBL. On Saturday morning we'll head to breakfast, then off to traveling more backwoods trails. This group is perfect for someone that wants to take it easy on the trails and explore the beautiful Land Between the Lakes!

Nothin Funner - Rated 4-5

This trail is located in the Turkey Bay OHV area. It circles around the Turkey Bay area. Good mud, rocks and hills. Great scenery!

Tuf-E-Nuf Trail - Rated 4-5

This trail covers a large area in LBL. Tuf-E-Nuf has several water crossings (shallow), some hill climbs, some twists and turns, descents and a little mud. It's just difficult enough to be challenging yet scenic enough to let you relax and enjoy the ride.

Turkey Scratch - Rated 4-5

Wooded roller coaster type hills. Rocky hill climbs. A fun ride to test your driving skills. You will be amazed at what your Jeep can do!

Renegade Run - Rated 5-6

On this trail you will encounter steep hills with tight turns and washouts. This trail is a stimulating experience for drivers, spotters, and passengers alike. The trail winds its way through the heart of the OHV area ridge tops. There is a lot of variety in this challenging terrain that includes loose, rocky, rooted hills and MUD!

Lake Trail - Rated 6-7

This trail has tight turns through wooded areas with steep, challenging hills of loose rock. It runs across Turkey Bay on the lakeside from one end to the other with overlooks of Kentucky Lake. We have a beautiful lunch spot with stunning surrounding scenery. One locker required.

Roller Coaster - Rated 7-8

This trail is the best of the best. It lives up to its name with a multitude of hills. You will be treated to a feast of rocks, mud and tight spaces. 31 inch tires and at least one locker are required.

TRAIL RATING SYSTEM

Every Jamboree trail is rated from 1 (easiest) to 10 (the most difficult). These ratings are based on the overall trail, not just on one or two tough spots. Rain can increase ratings by one or two points. Please remember, all vehicles are subject to vehicle check prior to trail departure. Numerically higher rated Jamborees are more likely to result in vehicular damage.

- 1-2** Obstacles and terrain are relatively easy to navigate. In optimum weather conditions, some trails may not require continual use of four-wheel drive (4WD).
- 3-5** Moderately demanding. Challenge for novice drivers. Obstacles may include: mud holes, boulders, and streams. Requires 4WD with 4-LO.
- 6-7** Demanding. Challenge for most skill levels. Mud holes get deeper, boulders get larger, and climbs get steeper. Requires 4WD with 4-LO.
- 8-9** Very demanding. Likelihood of getting stuck is high. Mud holes may be deep and rock climbing is more arduous. Lifts and lockers are helpful. Requires 4WD with 4-LO.
- 10** Extremely demanding. Reserved for the toughest off-road trip in the U.S.A. – the Rubicon Trail.

Requires 4WD with 4-LO, front and rear lockers, skid plates, rock rails and an aftermarket rear differential cover.

Rubicon Trail Jeep Jamboree is limited to TJ, JK, JL and JT models only without prior approval. Jeep Renegade, Patriot, Compass, Liberty, Cherokee, Grand Cherokee, Commanders, and Wagoneers are not allowed.

During registration you will have the opportunity to discuss the trails, your driving experience, and Jeep capabilities with the trail guides. The guides will work with you to select appropriate trails. Rain may increase trail ratings 1 or 2 points, especially with street tires.

PLEASE TREAD LIGHTLY!

Travel responsibly on designated roads and trails or in permitted areas.

Respect the rights of others including private property owners and all recreational trail users, campers and others to allow them to enjoy their recreational activities undisturbed.

Educate yourself by obtaining travel maps and regulations from public agencies, planning for your trip, taking recreation skills classes, and knowing how to use and operate your equipment safely.

Avoid sensitive areas such as meadows, lakeshores, wetlands and streams, unless on designated routes. This protects wildlife habitat and sensitive soils from damage.

Do your part by leaving the area better than you found it, properly disposing of waste, minimizing the use of fire, avoiding the spread of invasive species, restoring degraded areas, and joining a local enthusiast organization.

A NOTE ON LAND USAGE

Many Jeep Jamboree USA events are held on private lands with the consent of landowners, or on public lands through special use permits. In some cases, Jamboree trail groups are granted access to trail areas which are closed to all other vehicular access during the year.

Please be aware that access to these trail areas is allowed only by guided Jeep Jamboree USA groups during the scheduled Jeep Jamboree trail rides. Individual Jamboree guests returning later to drive in these areas on their own do so in violation of Jeep Jamboree USA's land use agreements and endanger future Jamboree usage of these restricted trails as well as being removed from the Jamboree without a refund.

Thank you for your cooperation in assuring Jamboree access to some of America's most spectacular backcountry.

FREQUENTLY ASKED QUESTIONS

ARE JEEP JAMBOREES SAFE?

Our trail guides are trained to put your safety first. If they ask you to refrain from any activity or to avoid specific trails or areas, you must follow their directions. Jeep Jamboree USA does not authorize or promote any night runs. You must wear your seat and shoulder belts. If a Trail Guide asks you to wear your seat belt and you do not comply, you will be removed from the Jeep Jamboree without a refund and banned from Jeep Jamborees.

WILL MY JEEP BE GOING THROUGH WATER?

Some Jamborees may have water crossings and mud holes. Many of these crossings and holes offer a bypass. It is very important to watch and listen to your trail guide. When driving in deep water, **go very slowly!** If your engine gets wet and stalls, **do not** try to start it as you may cause serious engine damage. For additional tips on water crossings and many other off-road situations, please refer to your copy of *Jeep Jamboree USA Off-Road Driving Tips*, available at <https://link.jeeppjam.com/drivingtips>

YOU MUST WEAR YOUR NAME BADGE

When you register on-site, you will be given one name badge per participant. Please wear your name badge while at the event as it is verification of your registration, your admission to the trails and meals, and helps everyone get to know each other.

GET CONNECTED WITH OUR FACEBOOK GROUPS

WHAT SHOULD I BRING?

- A basic tool kit, first aid kit, tire gauge, rain jacket, and clothing for all weather conditions are highly recommended.
- An ice chest full of your favorite non-alcoholic beverages. It is important to stay hydrated!
- A full tank of gas prior to General Attendance Meeting as you will not have time to fuel up after the meeting.
- Trail snacks and a chair/blanket for the lunch stop.
- Insect repellent, Sun Block, Medications, Hand Sanitizer, Flashlight, Camera, Binoculars
- Toilet paper and Zip-lock bags for tissue disposal

MAY I BRING MY PET?

Bringing pets is strongly discouraged. If your pet must attend, you must submit a pet waiver during registration.

WHAT IS THE POLICY ON ALCOHOL, DRUGS, ETC.?

No occupants of the vehicle will possess or consume alcohol, non-prescription drugs, or be under the influence of any substance while on the trails. Doing so means immediate expulsion without a refund and those involved will be banned from all future Jeep Jamborees.

COULD MY VEHICLE BE DAMAGED ON A JAMBOREE?

Every effort is made by Jeep Jamboree USA to make the trails as safe as possible. You are advised to closely follow instructions given by Jeep Jamboree Trail Guides. Jamborees with higher difficulty ratings are more likely to encounter rough and challenging terrain that may contribute to vehicular damage. Any damage is the owner's responsibility.

GMRS RADIO, CHANNEL, AND FREQUENCY INFO

IF YOU DON'T HAVE A GMRS RADIO YET

- Your easiest and best option is to purchase one of the recommended Midland radios. These quality radios are easy to use and are available at <https://link.jeepjam.com/radios> and in limited supply at a Jeep Jamboree

RADIO DIFFERENCES AND FREQUENCIES

- In late 2017, the FCC set standards for FRS/GMRS channel numbers and frequencies. Any FCC approved radio manufactured after October of 2017 should match the channels in the chart and work for your Jeep Jamboree.

FREQUENCIES AND POWER

- FRS and GMRS use the same channels/frequencies. FRS (Family Radio Service) runs at lower power. GMRS (General Mobile Radio Service) runs at higher power.

LICENSING

- Before operating a GMRS radio, you must have a valid license. Any radio using the shared FRS/GMRS frequencies that is able to transmit above 2 Watts of power is considered a GMRS radio and requires a license.

WHY GMRS OVER FRS OR CB?

- With FRS handhelds you may hear others on the trail, but they may not hear you. GMRS has more power, meaning you can transmit farther. GMRS offers more reliability, usability, and quality over a CB radio.

Frequency	FRS/GMRS Channel	FRS Power	FRS Bandwidth	GMRS Power	GMRS Bandwidth
462.5625 MHz	1	2 W	12.5 kHz	5 W	20 kHz
